

In your hands of kindness

*In the hidden phone of trusted community,
a young girl kept only 3 contacts.*

*Beyond the days of tiring work,
an old man finally met peace.*

*In the empty wallet of endless torture,
an old lady was searching for money.*

*In your hands of kindness,
you can help us.*

*A chance of comfort,
lies in your hands.*

*In your pockets of wealth,
lies a few pennies that will save a man's life.*
